

Island of Love

Kathy Troccoli

At last I found You waiting here for me
Even though I've hurt You time and again
You were always by my side
And now I dedicate this broken heart
To be held together from this day
Now the doors are open wide

For You, You're all I have
And I love You, Lord
I've never felt this way before
The universe belongs to me
And this is where I'm meant to be

You're an island of love
And I'm glad I've been washed ashore
'Cause if I'd been here a thousand years
I'd stay a thousand more
You're an island of love
And I'll never try to leave this island of love

The tide is going out towards the sun
And the night begins to draw to a close
To receive a brand-new day
As I am taking time to think about Your love

A wave of joy has flooded my soul
I'll never find the words to say

For You, You're all I have
And I love You, Lord
I've never felt this way before
The universe belongs to me
And this is where I'm meant to be

You're an island of love
And I'm glad I've been washed ashore
'Cause if I'd been here a thousand years
I'd stay a thousand more
You're an island of love
And I'll never try to leave this island

You're an island of love
And I'm glad I've been washed ashore
'Cause if I'd been here a thousand years
I'd stay a thousand more
You're an island of love
And I'll never try to leave this island of love
Ooh-ooh...
