

# Long Distance Letter

Kathy Troccoli

Can't understand what's wrong with me  
Can't find a thing to blame  
Can't really tell what ought to be  
Feel like a picture without a frame

So I read it  
'Cause I need it  
I believe it  
That note You wrote to me

Long distance letter  
Brings us together  
Shows me the way to Your heart  
Oh-whoa-whoa  
Long distance letter  
Keeps us together  
So nothing keeps us apart

Sometimes it brings a tear to me  
Sometimes it brings a tune  
One line I hold so dear to me  
Is when You promise to see me soon

So I read it  
'Cause I need it  
I believe it  
That note You wrote to me  
Long distance letter  
Brings us together

Shows me the way to Your heart  
Oh-whoa-whoa  
Long distance letter  
Keeps us together  
So nothing keeps us apart

No, no, no, no

Long distance letter  
Brings us together  
Shows me the way to Your heart, oh...  
Long distance letter  
Keeps us together  
So nothing keeps us apart  
No, no, no, no

Long distance letter  
Brings us together  
Shows me the way to Your heart, oh...  
Long distance letter  
Keeps us together  
So nothing keeps us apart, yeah

Long distance letter  
Brings us together  
Shows me the way to Your heart  
Yeah, yeah, yeah

Long distance letter  
Keeps us together  
So nothing keeps us apart...
