

Once In a Lifetime Love

Kathy Troccoli

This is it, now it starts
Stand and watch the curtain rise
Now's your chance, here it is
Standing right before your eyes
Love is right before your eyes

Here it is, yeah, yeah, it's true
And it's all you ever hoped it was
Let the light shine on in you
Here it is, your once in a lifetime love

Whoa-whoa, whoa-whoa
You can make it now
Just take it and don't let go
Whoa-whoa, open up your heart
Your time has come
Here it is
Your once in a lifetime love

Once in a lifetime, there comes along
A special moment in your heart
Well, here it is, all for you
What you've wanted from the start
The love you've longed for in your heart

Here it is, yeah, yeah, it's true
And it's all you ever hoped it was
Let the light shine on in you

Here it is, your once in a lifetime love

Whoa-whoa, whoa-whoa
You can make it now
Just take it and don't let go
Whoa-whoa, open up your heart
Your time has come
Here it is
Your once in a lifetime love

Here it is, yeah, yeah, it's true
And it's all you ever hoped it was
Let the light shine on in you
Here it is, your once in a lifetime love

Here it is, yeah, yeah, it's true
And it's all you ever hoped it was
Let the light shine on in you
Here it is, your once in a lifetime love

Whoa-whoa, whoa-whoa
You can make it now
Just take it and don't let go
Whoa-whoa, open up your heart
Your time has come
Here it is, here it is
Oh, here it is
Your once in a lifetime love
