# Your Grace

**Kathy Troccoli**

Lord give me the grace to believe
Lord give me the grace to believe
Then show me your light when it's darkness I see
Lord give me the grace to believe

Lord give me the grace to love
Lord give me the grace to love
Lord soften my heart and make hard my resolve
Lord give me the grace to love

O your grace is the power in me
Your grace gives me all that I need
I can't earn it or learn it
You give it for free
Lord pour out your grace in me
Lord pour out your grace in me

Lord give me the grace to press on
Lord give me the grace to press on
When my strength is poured out and my hope is all gone
Lord give me the grace to press on
