

Up in the Air

Katie Costello

Do you know the way
To the edge of the world, can you take me there
Do you hear the sound
Of a sinking heart, hanging in the air

Do you feel
What I feel
Searching for the runway lights
Can you feel
What I feel
Floating through an empty sky tonight

I'm up in the air I'm flying
I'm up in the air and I'm dying to be found
I'm up in the air and I'm flying
I'm up in the air, I'm not ready to come down, down, down

We could find a place
Yeah we'll stay for a while, as long as we want
We could grow our wings
Let the stars be our guide, till the sun comes up

Do you feel
What I feel
Searching for the runway lights
Can you feel
What I feel
Floating through an empty sky tonight

I'm up in the air I'm flying
I'm up in the air and I'm dying to be found
I'm up in the air and I'm flying
I'm up in the air, I'm not ready to come down, down, down
Ready to come down, down, down
Ready to come down, down, down
I'm not ready to come down, down, down
Ready, ready

Can you feel
What I feel

I'm up in the air I'm flying
I'm up in the air and I'm dying to be found
I'm up in the air and I'm flying
I'm up in the air, I'm not ready to come down
I'm up in the air I'm flying
I'm up in the air and I'm dying to be found
I'm up in the air and I'm flying
I'm up in the air, I'm not ready to come down

Ready to come down, down, down
Ready to come down
