

# September

Katie Gregson-MacLeod

I was in a daydream  
Thinking of you baby  
Right when he spun my ground  
Took a little time  
A quarter of a wine  
I'm asking him to come around  
You were everything that I wanted  
You were never quite so sure  
You were everything I wanted  
But now I want more

You were on ice  
Thinner by the night  
When he looked at me the way he did  
Some time in Big Red  
And top 3 head  
We were loving like stupid kids  
You were everything I had  
Until I had everything  
You were everything I wanted  
But now I want him

But that September  
Will stay just where it is  
Gotta stop aiming for 'forever'  
Gotta put an end to this  
That September  
I'd never known love like it  
But we could never be together  
And you could never love like this

It felt so soft  
When we started off  
But the view from your window changed  
By the river side  
Into drier eyes  
You told me I'm the one to blame  
I know now that you were right  
When you let me know that I'd changed  
I know now that it was wrong in the first place

But that September  
Will stay just where it is  
Got to stop aiming for 'forever'  
Got to put an end to this  
That September  
I'd never known love like it  
But we could never be together  
And you could never love like this

On the walk back up to land  
You'll find God in every man  
And I swore I saw him standing at the bar  
I don't think that I believe it anymore

But that September  
Will stay just where it is

Got to stop aiming for 'forever'  
Got to put an end to this  
That September  
I'd never known love like it  
But we could never be together  
And you could never love like this
