

Diamond Ring

Katie Herzig

Spot light on a golden night from a birds eye it's the perfect
place to be queen
Or so they believe

An old song with a long story but make way for his new glory to
be
You couldn't wait for the scene

But Papa don't buy me a diamond ring
'Cause I ain't got time for what you're thinking
I'm a one man band with a late night show
You gotta let me go

Bone dry in the naked light I got my closed eyes so I can't see
what you mean
When you give them to me

Bomb drop from the flower shop and the nice guy steals the air
from my wings
You should have thrown them at me

But Papa don't buy me a diamond ring
'Cause I ain't got time for what you're thinking
I'm a one man band with a late night show
You gotta let me go

Spot light on a golden night from a birds eye it's the perfect
place to be queen
And they will believe

But Papa don't buy me a diamond ring
'Cause I ain't got time for what you're thinking
I'm a one-man band with a late night show
You gotta let me go
