

Over And Over

Katie Herzig

For just a moment I can see why.
This doesn't cut it, as hard as I try.
I can't pretend there's something more here, just to tell you I
adore you.

You ask me to explain.
There's nothing wrong.

Why listen over and over again to all the reasons that I should
give in?
I listen over and over and over and over again.

You're not the only one who has tried,
tried to convince me that this was right.
From the outside, it'd appear there was nothing I should fear.

You ask me to explain, but there's nothing wrong.
There's nothing wrong.

Why listen over and over again to all the reasons that I should
give in?
I listen over and over and over and over again.

You can't make me believe this love is real.
You say "Why?" before you drown in the skies,
Oh, I know that there's a love that's real.
I can say it when I close my eyes.

'Cause I listened over and over again to the reasons I should g
ive in.
I listened over and over and over and over again.
