

## Aerial Objects

Katie Melua

Fire and flood in her blue eyes  
She said she's done reading the news sites  
I'm here every day working on songs  
In case anybody's listening

But there are moments of connection  
When Nina and David are here  
The star-man and the rainbow are clear  
And the issue can almost disappear

If it could only disappear

Hurricane news in her blue eyes  
Spending her cash on the good buys  
While my rose-tinted heart is imagining  
Clouds, kites, birds, rainbows

Starman tree leaves fireworks  
All sign the lines in songs  
But now on earth

Ingels says we have ways to make a good life  
Ways to have a fun time too  
A richer set of requirements  
A richer set of desires  
A richer set of new needs

Star man, clouds, kites, rainbows  
Rainbows, rainbows

Star man, clouds, kites, rainbows  
Heaven, tree leaves  
Moonlight, flying  
On rainbows, rainbows
