

Alone

Katie Noel

Tired of the rockin' of the road
I can't even feel my toes (Feel my toes)
Talkin' crazy all up on my phone
You don't wanna see me go (See me go)
Told you I don't wanna take you home
I said I don't wanna see you go (See you go)
Told you I don't wanna see your house
I said I just wanna be alone (Be alone)

Wishin' on the stars in the sky, yeah
Watch me while I do this thing (Do this thing)
You say that you want the finer things
Better pick up your pocket change, make it rain
Perfect storm when you run through
Bring the rain I never knew
Found someone else that I wanna kick it with
Play this shit (Yeah)

Tired of the rockin' of the road
I can't even feel my toes (Feel my toes)
Talkin' crazy all up on my phone
You don't wanna see me go (See me go)
Told you I don't wanna take you home
I said I don't wanna see you go (See you go)
Told you I don't wanna see your house
I said I just wanna be alone (Be alone)

Girl, I'll get you back at six
After I get on your six, girl (On your six, girl)

She just love to drink, I love them Swishers
They won't trip up on these, I won't trip the figures
Lovin' all this money 'cause I'm tired of all the bitches

Tired of the rocking of the road
I can't even feel my toes (Feel my toes)
Talking crazy all up on my phone
You don't wanna see me go (See me go)
Told you I don't wanna take you home
I said I don't wanna see you go (See you go)
Told you I don't wanna see your house
I said I just wanna be alone (Be alone)
