Katie Noel

Facetime, waste my, waste my time
Waste my, take my time
Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
She Facetime, waste my, waste my time
Waste my, take my time
Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
She

I been exhausted something serious
Fitted like fittin' the criteria
Nineteen, youngest in my area
Said they wanna get with us
I told them niggas set it up
I pop the trunk, she in love
Said she won't get drunk, so come get drunk with us
Even when I'm feelin' down I live it up
She waste my time like serious
She

Facetime, waste my, waste my time
Waste my, take my time
Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
She
Facetime, waste my, waste my time
Waste my, take my time
Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
She

Don't waste my time, hit my line
Freaky Friday in a Ford, she a certified dime
I know shawty watchin' how we fall in love
If she say she don't she lyin'
Bitch I'll call your bluff, that's enough
She like all my hit, hits
Pass it like I'm Vic Vic
Blow smoke off that lit Bic
My drip is so vicious
Ayy ride the beat, stop testin' me
Kickin' up the recipe, shawty is my destiny
She in them streets like Sesame

Facetime, waste my, waste my time
Waste my, take my time
Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
She
Facetime, waste my, waste my time
Waste my, take my time

Off white and I'm high
Now I'm on space time
She Facetime, she waste my time
