

Hook Them Chains Up

Katie Noel

If you stuck in the mud we can hook them chains up
In the south loud and proud, we is wild and dangerous
Got drinks on chill, man the Yeti's on ice
And the truck waxed up and it's lookin' real nice

From fourteen on I had mud on the wheels
Yeah mud on the body cause we out in the hills
Man deep in the creek yeah, holler from the holler
Got the blue collar boys workin' hard for the dollar
Square toes on and my [?] jeans
Twin turbos fired up and they loud yeah they mean
Yeah, black smoke rollin, ' got that Dixie flag flyin'
Just like mountains yeah from Appalachia out here tryin'
Two [?], got thousands of fans
Diesel Gang made me famous yeah, I am who I am
[?] In my tank cause I don't smoke dank
If you tryna come at me you better sit down and think
Oh no, yeah boy, you can back that thing up
If your Honda get stuck we can hook the chains up
Yeah my [?] can pull you out of the ditch
But I really can't help that you look like a bitch

If you stuck in the mud we can hook them chains up
In the south loud and proud, we are wild and dangerous
Got drinks on chill, man the Yeti's on ice
And the truck waxed up and it's lookin' real nice
If you stuck in the mud we can hook them chains up
In the south loud and proud, we are wild and dangerous
Got drinks on chill, man the Yeti's on ice
And the truck waxed up and it's lookin' real nice

Whatchu know in a suit
Yeah its two different things
I'm really not scared to put a gun to your brain
I hit hard yeah, like my head on collision
Yeah kinda shut me up and I kinda lost my vision
But as always yeah, we are tough as nails
So bring it on boy cause I've been through hell
Lift kit so high like I'm talkin' to God
White smoke rollin' out of my [?] mod
Yeah I hunt, yeah I fish, yeah I stay reppin' Dixie
All these rappin' ass boys, y'all a bunch of sissies
Yeah I stay slingin' mud and reppin' black fly
Southland forever man and Diesel Gang until I die
If you is stuck in the mud yeah, we can hook them chains up

Yeah, if you stuck in the mud we can hook them chains up
In the south loud and proud, we are wild and dangerous
Got drinks on chill, man the Yeti on ice
And the truck jacked up and it's lookin' real nice
If you stuck in the mud we can hook them chains up
In the south loud and proud, we get wild and dangerous
Got the drinks on chill, man the Yeti's on ice
And the truck waxed up and it's lookin' real nice yuh
