

New Sermon

Katra

Life runs out... I can't wait
I've pride and I've the faith
I am a Grief, I am a God
I am messiah of New world!

Love Our World. Love Our World. Stupid bastards!
Save Your Soul. Save Your Soul. Stupid bastards!
Live in Peace. Live in Peace. Stupid bastards!
Burn In Fire, burn In Flames fucking World!

Finger on the trigger
Bullet in the head
I am feeling so much better
It's a shame they fucking dead
Feeling so confused inside
To love or to love not
Comes the time to choose again
This shotgun will be God
