

# Paradigma Digitized

Katra

Game with the death desire rules  
No borders in my life  
A lust for flesh of human being  
It's Paradigma Digitized

Fire! You burn them all  
Fate turn us to the dead  
Bullet all barriers over ruled  
My Paradigma  
Paradigma digital

Slammed by the wrecking  
Balance once again

Never chain reaction  
I'll never fade away  
Revenge so sweet  
And violence is the law  
My Paradigma  
Paradigma digital

Fire! You burn them all  
Hate living in my soul  
Blood paint my own hands  
My Paradigma  
Paradigma digital
