

Walk On Water

Katrina and the Waves

How many times
Can you put me on?
Until all my patience
Is dead and gone
Walking a park
Life at the reign
Don't make me sad
If it don't happen again

I never believed
Our love
Could make it without
A miracle

Come on, my baby
Walk on water
Come on, my baby
Walk on water
Come on, my baby
Walk on water
Can your sweet sweet love come through?

All the tenderness and time
You were leading me on
Until I found out
About your special one
Who's that lady? (who's that lady)
Does she look like me?
Can she walk in my shoes (can she walk)
If you set me free?

I never believed
Our love
Could make it without
A miracle

Come on, my baby
Walk on water
Come on, my baby
Walk on water
Come on, my baby
Walk on water
Can your sweet sweet love come through?

Well, I hit the way
You'll be waiting
Around every corner
Behind every door
Come on and love me
It's a safe place to be
My savior, my love, my love

Walk on water
Come on, my baby
Walk on water
Come on, my baby
Walk on water

Can your sweet sweet love come back?
Can your sweet sweet love come back?

Walk on water
Come on now
Come on now
Walk on water
Walk on water
Come on, my baby
Walk on water
