

## Drop

Katrina Carlson

My country 'tis of the  
Our innocence is history  
I've seen purple mountains majesty  
Sink into the shining sea  
I've seen children on the street  
Angels die for my liberty

(Chorus)

I will run through the rain  
Get a little wetter  
Hold a bucket to the sky  
Make the world a little better  
I may never reach the top  
But I will not stop  
Tho' I'm just one Drop

My country 'tis of thee  
Half the time I'm losing sleep  
Sweet land of possibility  
Can't walk a mile to save her feet  
Nothing's making any sense  
Can one little Drop make a difference?

(Chorus)

Wash my heart clean  
Drench my dreams  
In rivers and lakes and streams  
Tumbling into a sea  
Of people at peace  
Do you think I'm nanve?

My country 'tis of thee  
Take my hand, say can you see  
Let it be, let angels sing  
Let hearts run free, let freedom ring

We will run through the rain...
