

A Cup Of Coffee

Katy Perry

G **A**
1. I take these turns
A bit too fast
Bmi
Trying to leave you
In my past

The CD skips
Our favorite songs
Our greatest hits
Just don't belong

2. I really love
To hate this
Love hate
Hate love
relationships

Are over-rated
Over my dead body
Is how this will end

He said it's over
And i could go for
Another chance to do
This over again

G D A
R: So this is it?
After all
We've been thru
We call it quits
And-a i'm about to
Wash my prints oh
Bmi
The little I had left
E/As
He said it's over
And I could really go
G D/F#
For a cup of coffee
G D
And an overdose
Bmi E/As
Leave it all behind me
You'll see it
When you finally find me
G D/F# G D
Comatose or pretty close
G D/F#
Cup of coffee
G D
And an overdose

3. I pop these pills
Like cracker jacks
And the price

That plays dice

Just watching you react
When your depressed you
Sleep too much
I'm not sure
If I'm waking up

4. Are over-rated
Over my dead body
Is how this will end

He said it's over
And I could go for
Another chance to do
This over again

R: So this is it?...
