KP, KP  
Yeah

All my girls look gorgeous  
We comin' out tonight  
Grab your man and hold him tight, tight  
Gorgeous  
Drippin' like some ice  
Know you wanna take a ride, ride  
Gorgeous

Grab your man and hold him tight, tight

All my girlies pop up on the regular  
Pick your poison, baby, take a bite  
If you want the digits to my cellular (Yeah, yeah)  
Gotta spend it all on me tonight  
I know that you wanna know my name  
I know that you wanna play that game  
I know that you wanna go right now  
I know that you wanna touch down (Yeah, yeah)

If you don't, yeah, well now you know

Damn, I hate to brag, but all my bitches baddies  
Heard you met the daddies for the gorgeous-ass savvies  
Pretty girlies get whatever we want  
You know we take advantage  
Hands on the couch, fuck up the club  
Ain't payin' for the damage (Not sorry)  
They want the kitty, tell 'em I'm busy runnin' the city (Yeah)  
Up in the chilly, makin' em dizzy  
Hundred and fifty  
Da Vinci, Da Vinci my body  
He wanna come to the party (Party)  
I told him it cost him a yachtie  
Don't wanna cough, pass me the shottie

If you don't, yeah, well now you know
