

# Legendary Lovers

Katy Perry

Under a silver moon, tropical temperature  
I feel my load is blue, come closer  
I want your energy, I want your aura  
You are my destiny, my mantra

Never knew I could see something so clearly looking through my third eye  
Never knew karma could be so rewarding and bring me to your life  
Maybe this is the beginning of something so magical, tonight (oh, oh)

Take me down to the river  
Underneath the blood on sun  
Say my name like a scripture  
Keep my heart beating like a drum

Legendary lovers, we could be legendary  
Legendary lovers, we should be legendary

Go down in history  
Go down together, into infinity, forever  
You clear your path to right  
You blushing to the end  
Anything for your love, a ride or die

Never knew I could see something so clearly looking through my third eye  
Never knew karma could be so rewarding and bring me to your life  
Maybe this is the beginning of something so magical, tonight (oh, oh)

Take me down to the river  
Underneath the blood on sun  
Say my name like a scripture  
Keep my heart beating like a drum

Legendary lovers, we could be legendary  
Legendary lovers, we should be legendary

[Instrumental]

Take me down to the river  
Underneath the blood on sun  
Say my name like a scripture  
Keep my heart beating like a drum

Legendary lovers, we could be legendary  
Legendary lovers, we should be legendary

Take me down to the river  
Underneath the blood on sun  
Say my name like a scripture  
Keep my heart beating like a drum

Legendary lovers, we could be legendary  
Legendary lovers, we should be legendary
