

LIFETIMES

Katy Perry

I'll love you for, I'll love you for life
Lifetimes
I'll love you for, I'll love you for life
Lifetimes

I know you feel it
Can you believe it?
I'm gonna love you 'til the end
And then repeat it
I know you feel it
Can you believe it?
I'm gonna love you 'til the end
And then repeat it

Like the sun is always rising
Like the stars are in the sky
You and I will find each other
In every single life

Baby, you and me for infinity
My eternity (My eternity)
Baby, you and me for infinity
My eternity (My eternity)

I'll love you for, I'll love you for life
Lifetimes
I'll love you for, I'll love you for life
Lifetimes

I know you feel it
Can you believe it?
I'm gonna love you 'til the end
And then repeat it
I know you feel it (Feel it)
Can you believe it? ('Lieve it)
I'm gonna love you 'til the end
And then repeat it

For life
For life
For life
For life

Baby, you and me for infinity
My eternity (My eternity)
Baby, you and me for infinity
My eternity (My eternity)

I'll love you for, I'll love you for life
Lifetimes
I'll love you for, I'll love you for life
Lifetimes

I know you feel it
Can you believe it?
I'm gonna love you 'til the end
And then repeat it

I know you feel it (Feel it)
Can you believe it? ('Lieve it)
I'm gonna love you 'til the end
And then repeat it (Gonna love you 'til the end)

For life
For life
For life
For life
