

# LIFETIMES

Katy Perry

I'll love you for, I'll love you for life  
Lifetimes  
I'll love you for, I'll love you for life  
Lifetimes

I know you feel it  
Can you believe it?  
I'm gonna love you 'til the end  
And then repeat it  
I know you feel it  
Can you believe it?  
I'm gonna love you 'til the end  
And then repeat it

Like the sun is always rising  
Like the stars are in the sky  
You and I will find each other  
In every single life

Baby, you and me for infinity  
My eternity (My eternity)  
Baby, you and me for infinity  
My eternity (My eternity)

I'll love you for, I'll love you for life  
Lifetimes  
I'll love you for, I'll love you for life  
Lifetimes

I know you feel it  
Can you believe it?  
I'm gonna love you 'til the end  
And then repeat it  
I know you feel it (Feel it)  
Can you believe it? ('Lieve it)  
I'm gonna love you 'til the end  
And then repeat it

For life  
For life  
For life  
For life

Baby, you and me for infinity  
My eternity (My eternity)  
Baby, you and me for infinity  
My eternity (My eternity)

I'll love you for, I'll love you for life  
Lifetimes  
I'll love you for, I'll love you for life  
Lifetimes

I know you feel it  
Can you believe it?  
I'm gonna love you 'til the end  
And then repeat it

I know you feel it (Feel it)  
Can you believe it? ('Lieve it)  
I'm gonna love you 'til the end  
And then repeat it (Gonna love you 'til the end)

For life  
For life  
For life  
For life
