

# WONDER

Katy Perry

One day when we're older  
Will we still look up in wonder?

One day when we're older  
Will we still look up in wonder?  
Someday when we're wiser  
Will our hearts still have that fire?  
Can somebody promise me  
Our innocence doesn't get lost in a cynical world?  
One day when we're older  
Will we still look up in wonder?

Stay wild, beautiful child  
Don't let the weight of the world  
Be heavy on your wings  
Stay pure, beautiful girl  
Don't let the fear in the world  
Burn out what you believe

'Cause one day when we're older  
Will we still look up in wonder?  
Someday when we're wiser  
Will our hearts still have that fire?  
Can somebody promise me  
Our innocence doesn't get lost in a cynical world?  
One day when we're older  
Will we still look up in wonder?

Will we still look up in wonder?

Stay free, little daisy  
Don't let the envious ones  
Say that you're just a weed  
Stay joy, beautiful boy  
Don't let the ways of the world  
Kill your empathy

'Cause one day when we're older  
Will we still look up in wonder?  
Someday when we're wiser  
Will our hearts still have that fire?  
Can somebody promise me  
Our innocence doesn't get lost in a cynical world?  
One day when we're older  
Will we still look up in wonder?

'Cause time is gonna fly  
Beauty's gonna fade  
Life will let you down  
'Cause time is gonna fly  
Beauty's gonna fade  
Don't let growing up bring you down (No)

One day when we're older  
Will we still look up in wonder?  
Someday when we're wiser  
Will our hearts still have that fire?
