

# Happy Crazy

Katy Rose

Lost my 18 dollars  
The robbers were right  
It's there as if the ...  
Holding it tight

I cleaned out the door  
Like a spy ...

Lost my mind  
Lost my mind last night  
Woke up smiling something wasn't right  
Sang a song in a major key  
Something was wrong  
My mind was gone  
I was  
Happy  
Crazy

Always thought I knew how  
Tall my smile would stand  
Turns out who I was not  
Is now who I am  
All the lights were on  
And this song is worse than caroling

Lost my mind  
Lost my mind last night  
Woke up smiling something wasn't right  
Sang a song in a major key  
Something was wrong  
My mind was gone  
I was  
Happy  
Crazy

Just because  
I have tea and green leaves  
Doesn't mean I'm a crackhead anymore

Lost my mind  
Lost my mind last night  
Woke up smiling something wasn't right  
Sang a song in a major key  
Something was wrong  
My mind was gone  
I was  
Happy  
Crazy
