

Do It Right

Kayah

Do it right

If your bleassed with sight
your soul, your light
when the rhythm`s takin` fight
get down tonight
If you blessed with the sight
your might
when the rhythm`s takin` fight
let`s make it happen.

Baby, baby, baby, oh, oh, yeah
always reachin` heavens
tachin` the sky
baby, oh, yeah
always rachin heavens the magical fight.

When you know,
you can do it so right
simply take me and we can take fight
couse you know
we can do it
just do it right
You know we can do it tonight
