

Boogie Heart

Kayak

Your car got stuck and it's nobody's fault but your own
Forget to refill, now it's night and you're all alone
No living soul within a mile or ten
Someone will come, but you don't know when
Now all you've got's that faithful boogie heart

You got no money and you got no place to go
No gas, no booze, no girl, but just an old radio
Then you don't have to worry how to spend the night
Because you know it's gonna be alright
And you may feel you've not been all that smart
You still got your boogie heart

Whenever you feel down and out
Sorrow's leaving you in doubt
Know that if you want to make it
Then find a heart and take it
'Cause you just can't do without
You still got your boogie heart
And all you need is that boogie heart
