KayCyy

Yeah
Yeah, yeah
Yeah, yeah
Yeah
Yeah

Uh, this is the tipping point
This is the breaking point
I see an epiphany, I won't ever disappoint, yeah, uh
I keep a shooter that's guardin' me so I can run the point, yeah
I keep an angel that's guidin' me, devil don't hear the noise
This is the tipping point
This is the breaking point, uh, yeah
Had an epiphany, I cannot disappoint, yeah
I got a bitch that I see on the regular
But she too far from a regular bitch
Sweet in the eyes, she ain't talkin' too much
When that liquor start pourin', she turn to a freak
Every ex think you can't find a better them
But what happens when you find a better them?
Now it's like, "Man, I wish that I bet on him"
Turns out, man, she can't find a better him
Carry, carry, carry, carry
My words like weights, but don't do the gym
Bury, bury, bury, bury
My words, man, I'm back, man, I'm feelin' like Him
I got some shit that I'm faithful to
I got some shit (That I'm faithful to)
I got some people I'm faithful to
I got some people I'm-
Niggas, they gossip like bitches
Why is they hearin'?
Why is they sharin' stories?
Like, why is they doin' too much?

Yeah, like when do you know it's enough?
When do you say it's enough?
When is enough is enough?
Yeah, like when do you know it's enough?
When do you say it's enough?
When is enough is enough?
Yeah (Yeah, yeah, ooh, yeah, yeah)
Like when do you know it's enough?
When do you say it's enough? (Yeah)
When is enough is enough? (When is enough?)
When do you know it's enough? (What you doin'?)
When do you say it's enough? (What are you sayin'?)
When is enough is enough? (When is enough?)
Yeah (Yeah)
