[?] you know what I am saying
Wow, wow, wow, wow
Wow, wow, wow, wow
I talk to the money why they eavesdrop
I talk to the money why they eavesdrop
I cleaned up from dirty like it is detox
Jogging to the bank in my Rebox
Hmmm, let's go

I talk to the money why they eavesdrop
I cleaned up from dirty like it is detox
Jogging to the bank in my Rebox
I'll do it from the jump, I'll get the team out

If you my brother, be my brother, do not link guys
If you gon' ride for me like I ride for you, we don't duck shots
I'm sipping on Brandy every day is the same as long as my mind crosse
d
As long as my mind is frost, but I am never to high to get my words a
cross

I knew we wasn't gon' need no pit stop
Whole team fly, we can make Chanel stops
Knew I had it back when I had the flat tops
I know I can make some millions of this laptop
New year ain't watch the ball drop, watch the cash drop
Spoke this shit into existence and I won't stop
No longer care about ventures when I met God
2020 might see me at the Met Gala
I can keep going all day, don't need no break from this
You gotta want this shit, I cannot teach focus
I can't go back broke, won't be at peace homie
I made guarantees, I gotta keep on it

If you my brother, be my brother, do not link guys
If you gon' ride for me like I ride for you, we don't duck shots
I'm sipping on Brandy every day is the same as long as my mind crosse
