KayCyy

Ronny J Please Turn Me Up

Racks in this shit, that is why I am floating
One hit and it had me focussed
Late night I wish she was open
Freak up in the lights I had it going

Here my wings and I took off
She got high we can't cool off
This that real not that knock off
You know the circle full of top dogs
Yeah, it's bout my bussines hell in pronto
I can light the stage up like it's [?]
You my dog and they twins we can switcheroo
I am on top with my gang, it's a different view
Yeah, they jacking my mood
You trying to see what ima do
Spent the winter inside
This summer I act a fool

Yeah, new [?] man do whatever I wanna do
Small face on the richie, cost more than [?]
Multiple colors on my diamonds, it was hard to pick one
When it's tinted, whip on Stevie see no evil
Still gone post up right on my hood, connect with my people
Going up on niggas I never run out of zero's (Ronny J Please Turn Me Up)
