Mmm-mmm

Yeah, yeah

Never trouble you, I do this all for us  
Make you fall in love when I'm giving you that touch  
Was running wild 'til you saved me, oh girl (yeah)  
You gave me something I could hold on to (yeah)  
I'll pay you back if you tell me the price  
You don't want money so I pay you with time  
Never trouble you, cause I do it all for us  
Make you fall in love when I'm giving you that touch

Mmm-mmm, yeah

Never trouble you, I'd rather make you happy  
Let me take a moment to celebrate you, you poppin'  
I'm a good show but I was distracted  
You came at the right time and you made this all happen  
You say "Likewise" like it was supposed to happen  
Don't wanna discredit you, 'cause I know you're playing your part  
Let's keep, keep, keep going, no restart  
Let's leap, leap, leap, I'll take you far  
On the same tea-, ea-, eam, show you my cards  
Yeah, yeah, ohh

Never trouble you, I do this all for us (do this all for us)  
Make you fall in love when I'm giving you that touch (when I'm giving you th
