

## Up & Downs Intro

KayCyy

Like, like, I said like we do (Oh, oh)  
They can't do it  
Do it like  
Like, like, like we do

Pull up near you  
Something that you ain't used to  
Never usual  
I can't afford to lose you  
Uh, put all that lame shit aside  
I showed you wrong from right  
Shawty looked me in the eye  
Tell me you down to ride  
Whenever I need you it's time  
Tell me that you on my side  
I bet that I'm changing your life  
I bet that I'm doing it right (Yeah, yeah)

Like, like, like I do  
Can't nobody, ain't nobody  
Treating you the way I do

Hmm-mm-mm  
I know that there's ups and downs, yeah  
There's ups and downs, yeah  
Yeah, yeah (Ooh)  
Ups and downs  
At times we feel so lost, and we feel so found  
Ups and downs (Hmm)
