

Do 2 Me

Kaytranada

Yeah, here we go

Damn, I just cannot stop myself, I'm thinking about that big ass I felt
When I finally get some time on the shelf, I'ma take you up on that offer
If it still stands
I might have to put your ass in a 5x4 case of glass and show you off
You know, some type of art expo
You Miami Basel type special, yeah
Both hands all up in the magic (Yeah)
And it's all mine from my understanding (Yeah)
And I don't mind taking my time if I can
I'ma slow ride until you say smash it (Yeah)
Hey, I hopped out the pussy and went right back in
I hopped out the pussy and went right back in
I might have to put you in a tight lil' freezer
Nobody gon' see ya till 3010, come on

You know what you do to me?
I said, "No, well, I don't usually"
She said, "Whip it out, whip it on out"
I said, "No doubt," poke it on out
She said, "You know what you do to me?"
I said, "No, well, I don't usually"
She said, "Whip it out, whip it on out"
I said, "No doubt," poke it on out

Huh, some type of art expo
You Miami Basel type special, yeah
Both hands all up in the magic, yeah

100 miles an hour down the 405
Know that you gon' answer when I hit your line
Now that I came, what's the plot, check, check
Go get out the game, make that bubble drop, yes, yes
Shit, I better park the whip quick
Tryna lose your lipstick on the tip, tip
'Bout to take a quick trip for this misfit
Tiny friend, it'd be a shame if it didn't fit
I'm just a nigga with some good intentions and a bad plan
If you really listen, I been dying, man
Hopeful wishing with some broken wings
But I'm still fly
