

# Dysfunctional

Kaytranada

You got me out here screamin', waitin' for you  
But I know that you won't hear me call  
You got me out here screamin', waitin' for you  
But I know that you won't hear me call

I don't wanna play, yeah, no games  
I'm just tryna stay, yeah, yeah-yeah  
Don't say hey in the light, but you'll pull up Wednesday night  
It's like this every time

Ooh, you get loud when you're inside  
Then you're mute 'til round two  
Now get up off this sugar with your salt, babe  
If you stick 'round in the beehive  
No stings, just be nice  
Or get up off this sugar with your salt, babe

Dysfunctional, that's what you are  
I'm tired of sittin' on you, babe  
'Til I'm just waitin' on you, babe  
This shot gon' be mine, let's try to rewind  
If you don't read my signs  
I'll make sure you see

You got me out here screamin', waitin' for you (Got me waitin' on you)  
But I know that you won't hear me call (I'll be waitin for you)  
You got me out here screamin', waitin' for you (Got me waitin' on you)  
But I know that you won't hear me call (Yeah-yeah, yeah-yeah)  
Yeah-yeah  
(Oh yeah, yeah)

I hate arguing, uh, oh yeah  
No ties left to break, babe, baby  
Things so good in July, then fall hits, you weren't nice  
We fight and don't know why (Ayy)

So I get quiet when it's too much drama  
I can't handle you  
Now get up off this sugar with your salt, babe  
You could stick 'round in the beehive  
If you, you would just be kind  
Or get up off this sugar with your salt, babe (Baby)

Dysfunctional, that's what you are  
I'm tired of sittin' on you, babe  
'Til I'm just waitin' on you, babe  
This shot gon' be mine, let's try to rewind  
If you don't read my signs  
I'll make sure you see

You got me out here screamin', waitin' for you (Got me waitin' on you)  
But I know that you won't hear me call (I'll be waitin for you)  
You got me out here screamin', waitin' for you (Got me waitin' on you)  
But I know that you won't hear me call (Yeah-yeah, yeah-yeah)

I've been makin' it clear  
It's dysfunctional, yeah

We dysfunctional, yeah  
(Yeah-yeah)  
I've been makin' it  
It's dysfunctional (Yeah)  
We dysfunctional, yeah  
(Yeah-yeah)

Dysfunctional, that's what you are  
I'm tired of sittin' on you, babe  
This shot gon' be mine
