Waiting for me
I'm waiting for you
Why we pause when we feel the emotion?
This attention, that affection
If you throw it, I'll hit it back to you

If you want it
You know it wasn't out the blue
When you felt that
We ain't even got to choose
If you want it
Got to tell me now, oh, yeah
Good to know, 'cause I

Heard you wanna be my lover
Wanna be more than friends
Heard you wanna be my lover
And you can't pretend
Heard you wanna be my lover
Wanna be more than friends
Heard you wanna be my lover
And you can't pretend

Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)

No defenses, satisfaction
Stopped your heart, just to get a reaction
Kept you wanting, let it haunt you
Can't deny, when it's right
No one has to lose

If you want it
You know it wasn't out the blue
When you felt that
We ain't even got to choose
If you want it
Got to tell me now, oh
Good to know

Heard you wanna be my lover
Wanna be more than friends
Heard you wanna be my lover
And you can't pretend
Heard you wanna be my lover
Wanna be more than friends
Heard you wanna be my lover
And you can't pretend

Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)
Is it gonna be (Lover)
Don't you wanna be (Friends)
