Spit It Out

Kaytranada

I think it's time, baby
Conversations heavy on your mind, lately
You don't even look me in the eye, crazy
How you put "I love you" to the side, lazy
You don't even try

Think about what we had
Remember how it felt so good
Moving like it's a trap
It's been like that since June
Better than all the things
Probably what's understood
If you try to get through
You know what to do

Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud

You gotta spit it out, say it right now
You gotta spit it out, say it out loud
You gotta spit it out, say it right now
You gotta spit it out, say it out loud

You at the right place, on the wrong date
In the same book, on the wrong page
Turn to earth but we need more space, in the dust
I thought we both changed, are we ever gonna say yes
Have a bomb drop in the wrong way
Have my heart stop when you called me
I was hoping you'd say the most in an honest way
But instead the phone was breaking up

Think about what we had
Remember how it felt so good
Moving like it's a trap
It's been like that since June
Better than all the things
Probably what's understood
If you try to get through
You know what to do

Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud
Spit it out, spit it out, spit it out
Spit it out, say it out loud

You gotta spit it out, say it right now

```
You gotta spit it out, say it out loud
You gotta spit it out, say it right now
You gotta spit it out, say it out loud

You gotta spit it out, say it right now
You gotta spit it out, say it out loud
You gotta spit it out, say it right now
You gotta spit it out, say it out loud
```
