Bring your trust for good
I think that I should let you know
Perfect lust, feel good
Keep watching me through video, mm, nah
Like a dove, I'll fly, I'm out of your system
Can admit that I won't take long (It won't take long)
Feel the heartbeat beat in my soul (Yeah)
Step and shout to find the moving picture (Takin' pictures that's makin' it show)
Baby, I just need one thing (Can I get a cameo?)

(Show me where you want me to go)
His best emotion
I'm everywhere, I'm a URL, ooh
(Can we put it on video?)
I know you want to
Boy, don't be scared
They believe it's real, oh

You can touch, I like when you take control, don't be shy
'Cause it feels so right when you put your body on mine
Least you could do is say no
Look at it from this angle
Knockin' through your screen (Uh, uh, uh)
Baby, what's our dynamic?
How should we take advantage?
I just need one thing

(Show me where you want me to go)
His best emotion
I'm everywhere, I'm a URL, ooh
(Can we put it on video?)
I know you want to
Boy, don't be scared
They believe it's real, oh
(Show me where you want me to go)

I know you want to
Boy, don't be scared
