

Inside My Body

Kazaky

Work hard dance hard
Hey listen babe I'm about to start
Lift up push down
Snap your fingers and turn around
One two three four
Watch me doing this on the floor
Four three two one
Tonight is the night it's going down

Lose control
On the dance floor

I just want to feel that beat inside my body

Hey
I know you wanna touch me

I know you wanna play with me
I'm on my way
It's game

Fabulous moves
I'm up on my heels it's my kinda shoes
When I'm in the dance I got nothing to lose
I slay babe, slay babe, slay babe

Everything around me
Makes me wanna be with you
If you would allow me
I'd stay and dance tonight with
