People love must never live the house
Baby come one with the keyboard and mouse
People love and hide the real face
Change the name and live in... space
If you feel the power it in yourself
If you sure that it can help someone
Please don't waste your time
And at first you should

Stop the network now
What about my twitter
Stop the network now
What about my facebook
Stop the network now
I can't live without it
Stop the network now
Have you seen my new video on youtube?

If you feel the power in yourself
If you sure that it can help someone
Please don't waste your time
