All things movin' are by for and to Him
Born in Mary but Mary was born again through Him
Peace between the two God and man---deuces
He removed the curse
This is censorship music
About His Father's business ironically He was Jewish
Pisces horoscope can't touch what he did with them two fish
He's so fly
Sinners wanna shoo Him
Stranded on His relationship
Carnival cruisin'
You don't wanna go toe to toe
With the One Who's runnin' everything
Better hit them knees
And forgiveness please
Go and get a little bit of truth at this plea
You don't wanna go toe to toe
With the One Who's runnin' everything
Better hit them knees
And forgiveness please
Go and get a little bit of truth at this plea

Jesus is God
All of ya'll are not Him
One God known for the three John Stockton
Run this play handed off to Christ no option
You can't pay your way put the quarter back in the pocket
Narrow minded headed straight already in a better place
Sin gotta leave (gotta leave)
My head DNA
I'll take it and sip it place
As long as my sins have been erased
I'm shootin' with a canon get the picture
Scripture

Salvation is a gift
But most men'll sleep
Or try to get it the last minute like Christmas Eve
We are sick in need
I believe antihistamine
Is in the trinity
Not your any-way genegies
Check my symmetry
I'm balanced in the ministry

Simply livin' before the cross like Gethsemane (a simony?)
My enemy's enemy is Divinity
And in the enmity in between God and me
Is you feelin' me?
Higher than I ever been
Always tryna represent
Introduc'in' light to this world like Thomas Edison
Like ed knife
Fall away? Yea right!
My inheritance is sealed
You can say I'm air tight
Livin' community
I don't do islands
The Lord's army doesn't enlist privates
I preach one way
I pray that you trust in Him
Its black and white
He removes the gray
Like Just for Men
He was just for men
Atonement was just for men
He won't fit in your schedule I suggest you adjust to Him
