

# Long Live the Champion

KB

Put your hands in the air for Cardec  
Long live the champion  
La esperanza sigue viva  
Y hay que seguir luchando

Nah, nah, nah, nah, arriba campeón  
Yeah, southside, southside, southside  
Nah, nah, nah, nah, arriba campeón  
Oh, yeah  
Nah, nah, nah, nah, arriba campeón  
Singing my song  
Nah, nah, nah, nah, arriba campeón, arriba campeón  
Long live the champions

I do it for the culture  
I take it global  
I been moreno papi loco since ocho ocho  
I like dance on the low low  
It's in my torso  
I got fire like sancocho  
See it in my ojos  
Okay Okay  
We don't walk away ImAGo dei  
No way am I gone leave  
Oh no not today...do not behave when blood is on the leaves  
Weep before you speak think before you eat  
How you love a country's food more than its people?  
'Cause I think you hide behind your politics  
You do not want answers, you want arguments  
Okay  
Yes I love the kingdom more than I love my nation  
Yes I love my neighbor more than I love his papers  
Okay Okay  
Southside still I  
We thrive  
We thrive  
We don't do not, do not, die-ie  
Coming live from the citidal  
I was made alive and it didn't fail  
When Washington feels still hit a Denzel / love  
Till we live well we gone play the role real well

Levanta tu cabeza y sigue caminado  
La esperanza sigue viva (long live the champion)  
Y hay que seguir luchando

Nah, nah, nah, nah, arriba campeón  
Woo, one time for the southside  
Nah, nah, nah, nah, arriba campeón  
Oh, yeah  
Nah, nah, nah, nah, arriba campeón  
Singing my song  
Nah, nah, nah, nah, arriba campeón, arriba campeón (EMC)

Nuestra fuerza no depende del alrededor

I done met the bravest (uh)  
Where they still sing when they living through the anguish (uh)  
Never be famous when you gotta smile for your kids when you know that they i  
n danger (uh)  
When you feel anger (uh)  
Puerto Rico many bodies never claimed here/  
And when you looking to your neighbor and you get hatred  
But they'll be back for vacation  
But the people still make it  
They will never break it  
Cuzz we dealing all with the greats here  
Being amazed here spend a couple days here  
See the courageous people that you don't want to migrate here  
How we really wonder how we really wanna have the gospel for the nations?  
Cuzz I see sheep  
When you say your hearts full homie  
I see E  
When I see weak  
I pray to god I see me

Long live the champions

We wanna live  
Let the light in  
I know that you tired mami  
You're a fighter (yeah)  
We just wanna live  
I cannot forget  
As long I live I'll be standing right here  
We just wanna live  
Let the light in  
Oh He's alive you are not forgotten  
We just wanna live  
Let the light in  
Trouble won't last  
But the word will  
Baby we just gotta live  
Our Gods here

Keep your head high  
Hold on to the promise/  
Maybe for the kids  
Show what love is  
Come all weak and the broken  
Our God lives  
Oh we just wanna live  
Arriba campeón
