

Never Doubt

KB

Luke, you in there

Told them never doubt a kid, tryna make a couple quid
I couldn't care about no bitch, too busy on my grind shit
Yeah, I told them this is my year, smoking haze, I get high yh
You know my drip fly yh, fly yh
Man wouldn't cross me, they wouldn't dare
Ydee catch a case, man he don't care
Stacking my bread, tryna be a millionaire
I don't care how long it takes, I'll get there, get there

Man, I know how to get paid
Now I'm whipping in the German on the M-Way
Got this ting in the passy, she giving me brain

She's by my side but she wanna go and be the main
She's insane, she only there to entertain
I can't love again, man I've been through the pain
Life ain't the same, I gotta charge it to the game

Can't talk about hustling while I was shotting in the rain
Told them never doubt the kid, tryna make a couple quid
I couldn't care about no bitch, too busy on my grind shit
Yeah, I told them this is my year, smoking haze I get high yh

You know my drip fly yh, fly yh
Man wouldn't cross me, they wouldn't dare
Ydee catch a case, man he don't care
Stacking my bread, tryna be a millionaire
I don't care how long it takes, I'll get there, get there

Yeah, I'm sitting in the rain, struggling with my own pain
How'd you know that music is a part of my domain
I'm tryna go to Spain, tryna get these things reaction
Babes, this a different type of satisfaction
I'm in a different league, you man must be fuckin' intrigued
Gettin' fried off this Cali pack
When I was young, watching Cody and Zac, it's mad

Told them never doubt the kid, tryna make a couple quid
I couldn't care about no bitch, too busy on my grind shit
Yeah, I told them this is my year, smoking haze, I get high yh
You know my drip fly yh, fly yh

Man wouldn't cross me, they wouldn't dare
YDee catch a case, man he don't care
Stacking my bread, tryna be a millionaire
I don't care how long it takes, I'll get there, get there

Luke, you in there
