Yeah yeah woah
My my, I took them losses
Now it's time to grind
My mama told me
Never stay down
Yeah, jump back right it's primetime
Primetime
Yeah, I took them losses now it's time to grind
My mama told me
Never over stay down
Yeah, jump right back it's primetime
Primetime oh primetime

Took a L
Jump back right
Deion, Deion, Deion yeah it's primetime
Took a L
Jump back right
Deion, Deion, Deion yeah it's primetime

Boy, you're back in
All I wanted a little La Toya Jackson
Started college at age of 15 reppin
They say young K you be a corporate savage
Jehovah snatched me
Laid it down like 21
No one mattered
And I took some losses
But I know that they didn't damage
Man, that's supernatural, I'm that organic
No, that's Google Map on you, I got direction
Don't get advantage when you in abandon
Nothing handed daddy wasn't coming back
Yahweh Padre passed the calimari
All He need is nothing bring something back
That's just a humble fact
I see L's like new lessons
And every loss I gain like the best dress
I'm not even looking for no new lessons
Suffer now in Heaven I'll be counting blessings

My my, I took them losses
Now it's time to grind
My mamma told me
Never stay down
Yeah jump back right it's primetime
Yeah I took them losses now it's time to grind
My mama told me
Never stay down
Jump right back it's primetime
Primetime oh primetime

Took a L
Jump back right
Deion, Deion, Deion yeah it's primetime
Took a L
Jump back right

Deion, Deion, Deion yeah it's primetime

Praying hands mama praying hands in the bedroom
2 AM, 3 AM bended knee, you
Held me down always held me down
I was reckless
Pouring the fo', swallow the xans with my breakfast
Young and wildin', young and wildin'
I remember blaspheming God, cash fiending
Hard hash demon, raw trash treating broads
I'm a pitiful, poor, blind, naked, wretched, and redeemed man
They say "T you got the sauce and the seasoning"
Cause I'm Thomas Brady with the comeback
When you used to struggling you know how to jump back
Just took another L
Okay I jump back right
Deion, Deion, Deion yeah it's primetime

My my, I took them losses
Now it's time to grind
My mamma told me
Never stay down
Yeah jump back right it's primetime
Yeah I took them losses now it's time to grind
My mama told me
Never stay down
Jump right back it's primetime
Primetime oh primetime
