We right here
Huh
We right here

Yeah, I was runnin' with the set, lit
Robin in the crowd, lay it down, then I exit (We right here)
Yeah, I'm seven seasons in like it's Netflix
I can only tell you that the ending gon' be epic, yeah
Hol' on, who gon' what? Who gon' stop me now?
Yeah, no person, place or thing, I guess we learnin' nouns
(Singin' my song)
They say millennials are leavin' God (Yeah, yeah)
I just smiled, like, you really need to see the squad

We right here, we right here
We right here, we right here
We-
We right here, we right here
We right here, we-
South side goin' crazy (We right here)
Worldwide goin' crazy (We right here)
East side goin' crazy (We right here)
You ain't never gon' change me (We right here)
This side goin' crazy (We right here)
This side goin' crazy (We right here)
You ain't never gon' change me (We right here)
This side goin', yeah

Tell me somethin'
Oh, that's right, you cannot tell me nothin'
Cost you my life, I got plenty budget
I carry light and I never tuck it
Litty, litty in the city like I got a hemi in me
Keep it jiggy, winnin' with the men in army
Really with me
All of a sudden, they paid a pretty penny
Bring the Chitty Chitty Bang Bang, yeah (Woo)
East side to the west side, uh
Life ain't been the same since the Flesh died (We right here)
Goin' nowhere, got on my Js, I am an heir
Shoutout to King, I cannot leave
We still believe, You lookin' for me?

(We right here, we right here)
(We right here, we right here)
(We-)
(We right here, we right here)
(We right here, we-)
South side goin' crazy (We right here)
Worldwide goin' crazy (We right here)
East side goin' crazy (We right here)
You ain't never gon' change me (We-)
This side goin' crazy (We right here)
This side goin' crazy (We right here)
You ain't never gon' change me (We right here)
This side goin', yeah

(Right here, we right here)
(We right here, we right here)
(We right here, we right here)
(We right here, we right here)
What! What! What! What!
We right here, we right here
We right here, we right here
We right here, we right here
We right here, we right here
