

# DRUM GO DUM

K/DA

Love to do just what I want  
Do it when you say I won't  
Now come and watch me move it  
I promise I'ma make you lose it

Looking at me  
Naw, come get it  
Like what you see  
Then you got good vision  
Boy, this beat  
Hit so different  
Let me show you what you been missing

If you love to party  
Then the parties in the place  
Got the boom, got the bass  
I'ma shake it in your face  
Yeah, I love to party  
And I love to make it rain  
Got the boom, got the bang  
You can take that to the bank

Going dum  
Dee, dum-dum-dum  
Dee, dum-dum-dum  
Dee, dum-dum-dum  
Watch the drum go dum  
Dee, dum-dum-dum  
Dee, dum-dum-dum  
Dee, dum-dum-dum  
Watch the drum go dum

I just wanna be free  
Ain't no way you stopping me  
Said I wanted to fly  
So I went and got some wings  
And I don't, don't need you  
To act like you gon' hold me down  
'Cause I won't believe you  
No one can touch me now

Feeling like I run it  
Checked my pulse over 100  
Got no peak, I got no summit  
I'm not average, I don't sum it  
That's from Sun up and from Sun down  
Shining like the Sun out  
Think you mirror image  
But you looking like a fun house

Looking at me  
Naw, come get it  
Like what you see  
Then you got good vision  
Boy, this beat  
Hit so different  
Let me show you what you been missing

If you love to party  
Then the parties in the place  
Got the boom, got the bass  
I'ma shake it in your face  
Yeah, I love to party  
And I love to make it rain  
Got the boom, got the bang  
You can take that to the bank
