

THE BADDEST

K/DA

Baddest do what the baddest do (Hey)
The baddest do (Hey), we the baddest, ooh
Baddest do what the baddest do (Hey)
The baddest do (Hey), we the baddest

We're comin' at you live, real, real wild
Here to light it up, set the world on fire
Gonna break the rules and hearts in twos
'Cause that's what the baddest do
Never goin' back, nah, not that
Diamonds on drip 'cause I came to make a splash
Gonna break the rules and hearts in twos
'Cause that's what the baddest do

Uh, I spit heat, I'll melt your face off
Disappear, I'm your eraser (Yeah)
In the cut just like a razor
Murder business, where my blazer?
I got all the boys on me
I got all the lines on ring
Knock 'em dead, turning heads
I got all the eyes on me
Pretty face georeodeureowa yuhaeng seonduja
Wonhajiman mothajana aega tajana
You like, "Woah, 'Kali, you the GOAT"
Nan alji I know
Junbihae 'cause I like to ball meomchuji ana
Naneun lit keuge like a bit geugeo malgo byte
Mideobwa keun mankeum keuge eokkae pyeogo high
Baek peosenteu deombiji mothae jungnyeojujana
Naneun boss ganji with the sauce wonhamyeon julge

I'm doing damage, went just how I planned it
I do what I want when I say (When I say)
Modu nal ttara hae nan kkeunnaejujana
To live on the edge of insane

Comin' at you live, real, real wild
Here to light it up, set the world on fire
Gonna break the rules and hearts in twos
'Cause that's what the baddest do
Never goin' back, nah, not that
Diamonds on drip 'cause I came to make a splash
Gonna break the rules and hearts in twos
'Cause that's what the baddest do

(It's crazy)
Sorry for the bad news, sorry I'm so bad
Only took a minute for me to get what you had
Sorry for the bad news, know it makes you sad
I'll be here for a minute, baby, you should pack your bags
Way that I look should be breakin' the law
If I don't got it, I take what I want
My circle small like a round of applause
You know that I love the sound of applause
You know I mean everything that I say
When you see me coming, get out of the way

I came to slay, I came to slay
Back and I'm better and ready to stay

I'm doing damage, went just how I planned it
I do what I want when I say (When I say)
Modu nal ttara hae nan kkeunnaejujana
To live on the edge of insane, it's crazy

Sorry not sorry for bein' the best
Eonjedeunji naega jom hae
Look at the gold all on my chest
Look at the gold, call it a flex
