

# VILLAIN

K/DA

On the low  
Only love myself, no more  
Take you to the grave, I'll ghost  
I know I can be so cold

In the dark  
Where I like to keep my heart  
Know I'm all bite, no bark  
Like to catch you way off guard

I'll stay so deep inside your brain  
And take you somewhere far away

Time to roll the dice  
You know I'm the type  
Type to risk my life  
Not afraid to die  
Type to make you cry  
Type to put a price  
All up on your head  
Do just what I said

I'm a straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling  
Straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling

I'm alive, but I'm dead  
Hear my voice up in your head  
Watch it fill you full of dread  
Till you go pow

Is it really a surprise  
If I'm playing with your mind?  
And I treat you like a prize  
Then I throw you to the side  
And am I really that bad  
If I love to make you mad?  
And get happy when you're sad  
Only care about a bag

In control  
That's how I like it and I'm never letting go, nah  
Never had a soul  
So you ain't taking nothing from me when you go, nah

I'll stay so deep inside your brain  
And take you somewhere far away

Time to roll the dice  
You know I'm the type  
Type to risk my life  
Not afraid to die  
Type to make you cry  
Type to put a price  
All up on your head  
Do just what I said

I'm a straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling  
Straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling

I'm alive, but I'm dead  
Hear my voice up in your head  
Watch it fill you full of dread  
Till you go pow

Bang, bang, you can do anything  
No fear, no pain  
Listen to your brain go  
Go stupid, go dumb, go stupid and  
Then we go insane, whoa  
Just do what I say  
Follow me, I'll lead the way

Time to roll the dice  
You know I'm the type  
Type to risk my life  
Not afraid to die  
Type to make you cry  
Type to put a price  
All up on your head  
Do just what I said

I'm a straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling  
Straight up villain, straight up villain  
Yeah, no feeling, yeah, no feeling

I'm alive, but I'm dead  
Hear my voice up in your head  
Watch it fill you full of dread  
Till you go pow
