

## On A Day Like Today

Keane

On a day like today  
I looked at you and I  
Saw something in the way  
You stared into the sky  
I saw you were sick  
And tired of my wrong turns  
If you only knew the way I feel  
I'd really love to tell you

But I could never seem to say the things I needed to  
On a day like today no other words would do

I saw you were sick  
And tired of my wrong turns  
If you only knew the way I feel  
I'd really love to tell you

But I can never find the words to say and I don't know why  
I can't find the words to say and I don't know why
