

Corpse Roads

Keaton Henson

And I'm so damn scared
Of dying without you,
But I've come prepared
Resolved for my life to wear a funeral suit.

And don't lie, don't lie,
Don't lie, I know we're fixing to die.

And don't tell me how,
I'll smile and pretend and won't show to the crowd,
And I'll go without
Punish myself for not knowing about

This lie, this lie,
This lie that we're fixing to die,
And don't lie, don't lie
Don't lie, I know we're fixing to die.

And I'll be like this 'til the long sleeper cry,
And I won't give in, we'll be dead in the eyes,
And I'll see the dark things that you all try to hide,

And I won't be the damnedest bit fucking surprised,
No, I won't be the damnedest bit fucking surprised.

So let's not lie, let's not lie,
Let's not lie, I know we're fixing to die,
Don't lie, let's not lie,
Let's not lie, I know we're fixing to die.
