

Don't Dance

Keaton Henson

Oh wait,
please don't be home to late.
Oh wait,
getting in my own damn way
and I tear my wasted arms
from your bones and see if you still want me near.
I'll be right here
if you need a failure my love.
I don't see, this can mean anything to me.
I don't see, this can mean anything to me.

And love,
don't dance.
and love,
don't dance.
and love,
don't dance.

Be near.
please just don't go, my dear.
I fear we wouldn't last the year.
And I'll be the place you hate,
but left your things so
must return to it.
I'll be up late if you need a failure my love.
I don't see,
this can mean anything to me.
I don't see,
this can mean anything to me.

And love,
don't dance.
and love,
don't dance.
and love,
don't dance.
