Keaton Henson

Baby  
Burn out my eyes for you  
Transcend the skies for you  
Feeble  
Selfish skin

Draw me in  
[? ? ?]  
Worms and swallow in size  
Broken eyes  
Only name

Lazy  
False alarms  
We're in charge, at large  
Broken feet can save  
[? ? ?]

I wanna feel for the skies  
[?] eyes

It's tonight  
All that fell from the skies  
It's alive  
All that fell from the skies

Blood full inside of me  
Hoping you die for me  
Feeble  
Selfish skin

Hey  
Lost feeling  
Lost my call  
Out my eyes  
Dead finger, you and-  
Thoughts linger, I was  
Broken feet can save
