I'll wait  
I'm ahead of myself, darling  
I'll say  
Whatever you like and leave  
I'll wait  
If you introduce me

I will stay on your arm  
I'm a human alarm  
You were only as calm  
As you can pretend

Oh, what an awful party  
Surprise I'm here but hardly  
Don't make me make conversation

I seem  
To have left all my notes behind  
Don't leave  
I'm interesting, I promise  
I mean  
No harm, I'm just restless  
Deathless

Don't be late for your song  
You're in reasonable health  
And you are only as strong  
As you can pretend

Oh, what an awful party  
Surprise I'm here but hardly  
Don't make me make conversation
